

RFB® VALUE ACCELERATION MASTERMIND GROUP

Tired of Going it Alone?

We get it. Even though you lead a company — interacting with employees, customers, vendors everyday — it sure can be lonely at the top. Our team of C-suite experienced Business Advisors hasn't just done it, *we've lived it.*

Joining a Mastermind Group is a unique way to learn from and collaborate with other entrepreneurs, while leveraging the RFB® Value Acceleration program to dramatically improve the value of your company. Using the Value Builder System™ as a common platform and toolkit, your RFB Advisor supports and facilitates the peer group as guide, mentor, accountability partner and coach.

“When you partner with a team of like-minded business leaders, we share a joint success that exponentially builds to much greater results...”

- Peter Beaumont, RFB® Business Advisor

Peter helps entrepreneurs break through unnecessary overwhelm to scale up their businesses. He has worked with Fortune 500 companies such as Coca-Cola, Philip Morris, McDonald's, Intel and Wrigley across 5 continents and in over 60 countries. He cites his diverse experiences as the number one reason he and his clients are able to quickly adapt to changing cultures, economies and obstacles.
